WORKING FOR COBALT GROUP

Cobalt Group is the industrial contractor of choice; we set the benchmark for service excellence. Through value driven relationships and innovation, we meet our customers' individual needs with their goals and sustainability at the forefront. Our work consistently exemplifies the highest standard for safety, communication, and quality.

We are seeking interest from people looking for an exciting and rewarding career in positions that provide exposure to new environments, challenges, and opportunities. We are committed to working with, investing in and developing individuals who are driven to succeed in their chosen career.

Safety is an integral part of our company's operating philosophy and is a key component of our overall success. We are committed to the safety and well-being of our employees.

Qualified **APPRENTICE MACHINISTS** interested in shop and fieldwork settings are encouraged to apply.

REQUIREMENTS

- Studies blueprints, sketches, drawings, manuals, specifications, or sample part to determine dimensions and tolerances of finished work piece, sequence of operations, and setup requirements.
- Calculates and sets controls to regulate machining factors, such as speed, feed, coolant flow, and depth and angle of cut, or enters commands to retrieve, input, or edit computerized machine control media.
- Verifies conformance of finished work piece to specifications, using precision measuring instruments.
- Fits and assembles parts into complete assembly, using jigs, fixtures, surface plate, surface table, hand tools, and power tools.

- May install machined replacement parts in mechanisms, machines, and equipment, and test operation of unit to ensure functionality and performance.
- May operate welding equipment to cut or weld parts.
- May develop specifications from general description and draw sketch of part or product to be fabricated.
- May confer with engineers, production personnel, or others to resolve machining or assembly problems.
- Responsible for observing and complying with all safety and project rules, including wearing required personal safety equipment. Performs other duties and activities as required.
